Need treatment?

We want to make sure everything runs as smoothly as possible when **you** need **treatment**, so we help take care of the practicalities so **you** can focus on getting better.

If you call the number on your insurance card or write via www.sukoon.com/bupaglobal/membersworld before going for **treatment**, **you** can have **your** benefits explained to you and check that your treatment is covered by your health plan. If needed, help can be provided with suggesting **hospitals**, clinics and **doctors**. In cases where **you** need **hospital treatment**, it may also be possible for the service team to contact **your hospital** or clinic on **your** behalf and make sure they have everything they need to go ahead with **your treatment**. If possible, it can be arranged to pay them directly too.

Please be aware that there are certain benefits for which **you** must receive pre-authorisation. These are detailed in **your** 'Table of benefits'. Benefit <u>may not</u> be paid unless pre-authorisation has been provided.

Of course there are times when **you** simply cannot get pre-authorisation, such as in an **emergency**. If **you** are taken to **hospital** in an **emergency**, it is important that **you** ask the **hospital** to call the number on **your** insurance card or write via www.sukoon.com/bupaglobal/membersworld within 48 hours of **your** admission. This way the **hospital** can be provided with all the relevant information and, if possible, we can arrange to pay them directly.

The pre-authorisation process

You can pre-authorise your treatment by phone or email. Inside the UAE. Sukoon will normally manage pre-authorisation and directly settle the payment with the provider if within the **network**. Outside the **UAE**, we will send through **Bupa Global** a pre-authorisation. To confirm if a provider is in **network** please visit Facilities Finder at www.sukoon.com/bupaglobal/facilityfinder.

Inside the UAE inside the network, Sukoon will normally manage direct payments and pre-authorisation directly with the provider. Inside the **UAE** outside the **network**, refer to the pay and claim section of this guide. Outside the UAE, we will send through **Bupa Global** a pre-authorisation statement to your hospital or clinic once they have all the necessary details. A pre-authorisation statement will also be sent to you. This can be used as a claim form to send back to us if **you** receive any invoices or are asked to pay for any aspect of your treatment yourself. Further information is provided on the claims process on the next page.

From time to time **you** may be asked for more detailed medical information, for example to determine whether a loading should be applied to **your policy** for a **pre-existing condition**.

Remember you can ask for a second medical opinion service

The solution to health problems isn't always black and white. That's why **you** have the opportunity to get another opinion from an independent world-class specialist.

Our approach to costs

When you are in need of a **benefits provider**, a dedicated team can help you find a Recognised medical practitioner, hospital or healthcare facility within network. Alternatively, you can view a summary of benefits providers on Facilities Finder at www.sukoon.com/bupaglobal/facilityfinder. Where **you** choose to have **your treatment** and services with a **benefits provider** in **network**, all eligible costs of any **covered benefits** will be covered, once any applicable **co-insurance** or deductible amount which **you** are responsible to pay has been deducted from the total claimed amount.

Should you choose to have covered benefits with a benefits **provider** who is not part of **network**, only costs that are Reasonable and Customary will be covered. This means that the costs charged by the **benefits provider** must be no more than they would normally charge, and be similar to other **benefits providers** providing comparable health outcomes in the same geographical region. These may be determined by our experience of usual, and most common, charges in that region. Government or official medical bodies will sometimes publish guidelines for fees and medical practice (including established **treatment** plans, which outline the most appropriate course of care for a specific condition, operation or procedure). In such cases, or where published insurance industry standards exist, these global guidelines may be referred to when assessing and paying claims. Charges in excess of published guidelines or Reasonable and Customary made by an 'out-of-network' benefits provider will not be paid.

Pre-authorisation complete and now going for treatment? Always remember to keep **your** insurance cards with **you** and present the appropriate card to **your benefits provider** when you arrive.

This means that, should **you** choose to receive **covered** benefits from an 'out-of-network' benefits provider:

- **you** will be responsible for paying any amount over and above the amount reasonably determined to be **Reasonable and Customary** – this will be payable by you directly to your chosen 'out-of-network' benefits provider;
- the amount your chosen 'out-of-network' benefits **provider** will seek to charge **you** directly cannot be controlled.

There may be times when it is not possible for **you t**o be treated at a **benefits provider** in **network**, for example, if you are taken to an 'out-of-network' benefits provider in an **emergency**. If this happens, **we** will cover eligible costs of any **covered benefits** (after any applicable **co-insurance** or deductible has been deducted).

If **vou** are taken to an 'out-of-**network**' **benefits provider** in an **emergency**, it is important that **you**, or the **benefits provider**, call the number on **your** insurance card within 48 hours of **your** admission, or as soon as reasonably possible in the circumstances. If it is the best thing for **you, you** may be moved to a benefits provider in network to continue your treatment once you are stable. Should you decline to transfer to a **benefits provider** in **network** only the **Reasonable and Customary** costs of any **covered benefits** received following the date of the transfer being offered will be paid (after any applicable **co-insurance** or deductible has been deducted).

Additional rules may apply in respect of **covered benefits** received from an 'out-of-network' benefits provider in certain countries.

Claims for treatment received inside the UAE within your purchased level of **Sukoon** network, will be directly settled by **Sukoon** with the benefits provider.

If you claim for treatment received with a benefits provider outside of your purchased level of Sukoon network, you will need to pay for your treatment and submit a claim for reimbursement. A mandatory 20% co-insurance will apply.

Want to add more people to your health plan?

You, the policyholder, can apply to include dependants, including newborn children, to this health plan by filling in an application form. You can download this easily from www.sukoon.com/bupaglobal/membersworld. If you are adding your newborn child please complete the 'newborn application form' or you can get in touch and one will be sent to you.

When **you** apply, the **dependant's** medical history will be reviewed by the internal medical team which may result in a loading for **pre-existing conditions**. These are personal to the person **you** add and will be shown on **your** insurance certificate. The cover will start on the date **our** medical team accept **your** application to join.

Only newborn children can have their cover backdated for up to 7 days from the date of birth.

Children covered at no additional cost

With **your** Elite **Health plan** up to two children, per insured parent or insured legal guardian, who are under 10 years of age, can be insured at no additional cost subject to underwriting. The child being added must reside at the same address as the parent or guardian who is insured and who has legal custody of the child.

Adding your newborn child?

Congratulations on your new arrival!

Neo-natal cover will be provided for 30 days on this **health plan** without underwriting. **You** will need to provide the child's name and date of birth. **You** can apply to extend this cover from day 31 without completing an application form and will be covered regardless of any health conditions when:

- at least one parent has been covered on this health plan for 10 months or more prior to the child's birth, and
- a copy of the birth certificate or official birth notification document is submitted within 30 days of the birth

In this instance **your** baby will not be subject to any medical underwriting.

If **your** baby is born in the U.S., the baby's medical history will be reviewed by the internal medical team from the date of birth, which may result in cover for **pre-existing conditions**, special restrictions or exclusions, or cover may be declined. This means that if the baby has medical conditions that need treatment, these might not be covered by the **health plan**. If **you** and **your** baby return from the U.S. to UAE within 30 days of the birth and neo-natal care is required in that time, this will be provided with no underwriting until the baby is 30 days old, as defined by DHA guidelines. Any previous medical underwriting applied while **your** baby was outside the UAE will then be re-applied from day 31, which may result in cover being provided, applying special restrictions or exclusions, or cover may be declined from day 31 onward.

Example of how our underwriting works for babies born in the U.S. and returning to UAE

Baby is born in the U.S.	Underwriting conditions may be applied from birth (day 1) as baby is born outside UAE
Parent and baby return to UAE 7 days after the birth	No underwriting applied from day 7 to day 30, as defined by DHA guidelines
Baby turns 31 days old within UAE	Underwriting conditions from day 1-6 are re-reviewed and may be re-applied from day 31, as defined by DHA guidelines

If these criteria are not met **you** will need to provide a completed newborn application form and medical underwriting will apply as described when adding a **dependant**. The cover start will be the date the internal medical team accept **your** application to join.

If there are any changes to the information **you** provided in the application form after **you** or **your dependants** sign it and before the application is accepted, please confirm this straight away.

Your health plan benefits

The 'Table of benefits' provides an explanation of what is covered on your health plan and the associated limits.

Benefit limits

There are three kinds of benefit limits shown in this table:

1. The 'overall annual maximum' – the maximum amount to be paid in total for all benefits, for each person, in each policy year.

2. Annual limits for a group of benefits – the maximum amount to be paid in total for all of the benefits in that group, such as **out-patient** day to day care.

3. Individual benefit limits – the maximum amount to be paid for individual benefits such as rehabilitation.

All benefit limits apply per person. Some apply each **policy** year, which means that once a limit has been reached, the benefit will no longer be available until **you** renew **your** health plan. Others apply per lifetime, which means that once a limit has been reached, no further benefits will be paid, regardless of the **renewal** of **your health plan** or if **you** terminate **your policy** and rejoin.

Waiting periods

You will notice that waiting periods apply to some of the benefits. This means that you cannot make a claim for that particular benefit until **you** have been covered continuously for the full duration of the waiting period stated.

How does the co-insurance work?

If you have chosen a co-insurance this will be shown on your insurance certificate and your insurance card.

The **co-insurance** on this **health plan** is the percentage of all out-patient day to day care expenses that you share with us - please refer to **your** 'Table of benefits'.

Please note that the benefit limits shown in the 'Table of benefits' is the maximum to be paid.

EXAMPLE

If **you** have chosen a 20% **co-insurance** this means that you always pay 20% of your out-patient day to day care.

your doctor which costs **AED 800**

You have a consultation with 20% out-patient day to day care **co-insurance** applied is AED 160

Amount we pay is AED 640

Later in the year **you** stay in hospital for 5 days which costs AED 80,000

As this is **In-patient** care the **co-insurance** applied is AED 0

Amount we pay is AED 80,000

If you use direct payment, you will pay the co-insurance directly to the **benefits provider**.

If you pay and claim, the **co-insurance** will be deducted from the amount you are paid when your claim is settled.

Please refer to 'how to claim' for more details.

YOUR EXCLUSIONS

In the 'General exclusions' section below, there is a list of specific **treatments**, conditions and situations that are not covered as part of **your health plan**.

Do you have cover for pre-existing conditions?

When **you** applied for **your health plan you** were asked to provide all information about any disease, illness or injury for which **you** received medication, advice or **treatment**, or **you** had experienced symptoms before **you** became a customer – these are called **pre-existing conditions**.

Internal medical team reviewed **your** medical history to decide the terms on which **we** offered **you** this **health plan**. We may have offered to cover any **pre-existing conditions**, possibly for an extra premium. We will not cover any **pre-existing conditions** that **you** did not disclose in **your** application.

If we have not applied a personal exclusion or restriction to your insurance certificate, this means that any preexisting conditions that you disclosed in your application are covered under your health plan.

General exclusions

The exclusions in this section apply in addition to and alongside any personal exclusions and restrictions explained above.

For all exclusions in this section, and for any personal exclusions or restrictions shown on **your** insurance certificate, **we** do not pay for conditions which are directly related to:

- excluded conditions or treatments
- additional or increased costs arising from excluded conditions or treatments
- complications arising from excluded conditions or treatments

Important note: our global health plans are non-US insurance products and accordingly are not designed to meet the requirements of the **US** Patient Protection and Affordable Care Act (the Affordable Care Act). **Our** plans may not qualify as minimum essential coverage or meet the requirements of the individual mandate for the purposes of the Affordable Care Act, and we are unable to provide tax reporting on behalf of those **US** taxpayers and other persons who may be subject to it. The provisions of the Affordable Care Act are complex and whether or not **you** or your dependants are subject to its requirements will depend on a number of factors. You should consult an independent professional financial or tax advisor for guidance. For customers whose coverage is provided under a group health plan, you should speak to your health **plan** administrator for more information.

Please note that, should **you** choose to have **treatment** or services with a **benefit provider** who is not part of **network**, **we** will only cover costs that are **Reasonable and Customary**. Additional rules may apply in respect of **covered benefits** received from an 'out-of-**network**' **benefit provider** in certain specific countries.
